### Description of Services Rendered

| Quantity | Service                                                                                                                              | Price   | Amount  |
|----------|--------------------------------------------------------------------------------------------------------------------------------------|---------|---------|
| 1        | System Development Assistance & Consultation<br>Capstone Project Development<br>(Design, Programming, Debugging, Deployment Support) | ₱14,000 | ₱14,000 |
| Total    |                                                                                                                                      |         | ₱14,000 |

**Payment method:** Cash

### Note:

- The total amount of ₱14,000 was equally paid by four clients
- This is a personal service engagement and not affiliated with the school's official financial or academic systems.
- The amount paid is in exchange for technical assistance and consultation services related to the group's capstone project only.
- No official school receipt will be issued; this document serves as proof of payment for freelance services.
